On February 12, 1991, the Public Service Commission of South Carolina (the Commission) received a request from Robert E. Fox asking the Commission to reconsider Order No. 91-109 and suspend the fine imposed upon him or, alternatively, to allow him to be heard on this matter.

After considering the events and circumstances which gave rise to Order No. 91-109, the Commission declines to reconsider the Order or to suspend the fine and lien entered against Mr. Fox's utility property on January 7, 1991. Additionally, the Commission denies Mr. Fox's request for a hearing.
